

GENERAL NOTICE – EMERGENCY MEDICAL SERVICES

Subject: Admission to Rhode Island EMT-Cardiac Training Programs

Notice #: 003

Issued: 4/30/2010

Effective: Immediately

Authorized by: Samuel W. Adams, Interim Chief, Emergency Medical Services

Effective immediately, and per the Ambulance Service Advisory Board's recommendation, all prospective students for Rhode Island EMT-Cardiac training programs must attain EMT-Basic licensure in Rhode Island or another acceptable jurisdiction before they may begin an EMT-Cardiac program. This requirement ensures that students demonstrate proficiency in their EMT-Basic skills, through both written and practical examination, before moving on to the EMT-Cardiac's more advanced skills.

Thank you for your attention to this matter. Should you have any questions related to EMT-Cardiac Training Programs, please contact the Division of EMS at (401) 222-2401.

Authorizing Signature:

A handwritten signature in black ink, appearing to be "SWA", is written over a horizontal line.
